About Ehad

EHAD was established in 1997 with the sole purpose to serve our clients with quality products and prompt deliveries.

Catering different industries, we have evolved expertise in the domain of FUEL DISPENSERS, Liquid Flow Meters, and an array of other products, thus catering for various industries.

Under the guidance and vigil of the Schoenknecht family, the EHAD brand has grown at a satisfying rate within a short period.

**INNOVATION
EXCELLENCE
LEADERSHIP**

Our Mission

The EHAD mission is to live up to the expectations of our customers, all the while serving our clients with quality products.

Quality is an integral part of our esteemed organization, and we have therefore incorporated quality at every stage, from production to delivery.

To verify the highest quality, a series of stringent quality tests are conducted under the supervision of quality inspectors to ensure that we deliver flawless products.

The QUALITY OF OUR SUPPORT is unmatched. We take support and product back-up further by tailoring our services & support according to your specific requirements and request.

EHAD products comprise of WORLD CLASS EQUIPMENT and TECHNOLOGY that are internationally tested and used, giving you peace of mind.
